

Skills Revision & Practice S1 2023

I will be available in B4 on the following dates and times, to offer skills practice sessions. This will be a rolling program throughout the academic year, so even though you may be on a prac this semester, I hope that future sessions will be at a good time for you. To ensure that I have the necessary resources ready, I will need to have an idea of expected numbers on any of the dates. So, please do book in via Reception at GUC.

09 March	09:00 – 11:00	IVABx – preparation & administration (syringe dexterity) IV lines – priming, maintenance, safety PIVADs management BBraun Infusomat Space Pump – programming & management
